## MUBAS ICE – AN ACCREDITED TRAINING CENTRE FOR A CERTIFIED FORENSIC INVESTIGATIONS PROFESSION IN MALAWI

### CALL FOR APPLICATIONS MUBAS ICE JULY 2026 INTAKE

Become a Certified Forensic Professional with IICFIP Global Credentials!

The **Malawi University of Business and Applied Sciences (MUBAS)** Institute of Continuing Education (ICE) proudly announces the **July 2026 intake** for internationally recognized professional forensic certification programs, conducted in partnership with the **International Institute of Certified Forensic Investigation Professionals (IICFIP), Inc.**

MUBAS ICE serves as an **Accredited Training Center**, while IICFIP—the world's premier professional body in forensic investigation and auditing—**examines, certifies, and awards global professional memberships** to successful candidates.

#### AVAILABLE PROFESSIONAL COURSES

##### 1. CFIP – Certified Forensic Investigation Professional

The flagship global credential by IICFIP—designed to produce versatile and highly skilled forensic experts capable of handling any investigative case, from financial frauds to violent crimes. CFIP is the world's most comprehensive investigation qualification.

**Entry Requirement:** A Bachelor's degree or a recognized professional qualification (CPA, ACCA, CA).

##### 2. CFIAF – Certified Forensic & Investigative Audit Professional

Specially crafted for auditors and accounting professionals, the CFIAF credential positions you as an expert capable of conducting high-level forensic audits across both public and private sectors.

**Entry Requirement:** Practicing or aspiring auditors, or degree holders in Finance, Accounting, or related fields.

##### 3. CFD – Certified Financial Detective

A professional certification tailored for those aspiring to become financial wrongdoing detectives—whether within organizations or as independent practitioners. CFD blends strong accounting, auditing, and investigative skills to create highly competent financial detectives.

**Entry Requirement:** A Bachelor's degree or professional qualification (CPA, ACCA, CA).

##### 4. CDFP – Certified Digital Forensic Professional

This advanced, multidisciplinary course prepares professionals to investigate and analyze cybercrime and digital evidence effectively. Graduates gain both theoretical and practical expertise in computer and digital forensics—ready to work alongside law enforcement, judiciary, and legal professionals. After completing 18 modules, participants may undertake practical training to earn the CDFP credential.

**Flexibility and Dual Certification Option**  
Candidates may enroll in any individual

program or combine two certifications to gain dual professional recognition—broadening their expertise and global career prospects.

**Intake Begins:** July 20th, 2026

**Training Center:** Malawi University of Business and Applied Sciences (MUBAS ICE)

**Examination, Certification & Membership:** International Institute of Certified Forensic Investigation Professionals (IICFIP), Inc.
